Leadership: Team Leadership, Mentoring & Hands-On Training, Project Planning, Task Delegation, Coding Standards, Technical Support

PROFESSIONAL EXPERIENCE

Freelance WordPress & PHP Developer

Feb 2026 – Present

Self-Employed

Remote

- Build and customize WordPress, WooCommerce and Moodle LMS websites for businesses and education providers, covering custom themes, plugins, integrations and site migrations.
- Audit and improve site speed, Core Web Vitals and security, and provide ongoing maintenance and updates for client websites.
- Scope and manage projects end to end; bring in and coordinate collaborating developers for larger builds, handling task allocation, code review and final QA.

WordPress & PHP Developer / Team Lead

2018 – Feb 2026

Salah Software (EnvvyTheme, HiBootstrap, GutoTheme, HiboTheme, Themes.Gallery)

Sylhet, Bangladesh

- Developed and shipped **115+ premium WordPress themes, 10+ Moodle themes and 30+ plugins** for ThemeForest and WordPress.org; the products now power **25,000+ live websites** worldwide.
- Led a team of **7 developers**: distributed tasks, ran code reviews, set implementation and coding standards, and owned debugging workflows and release quality checks.
- Built and released **Moodle LMS themes** and custom Moodle blocks for online-learning platforms, keeping them compatible from Moodle 4.x through Moodle 5.
- Built Elementor and WPBakery custom widgets, Redux and ACF Pro theme options, one-click demo import, and WooCommerce, WPML and RTL (Arabic/Hebrew) support for multi-demo commercial themes.

- Integrated LearnPress, Tutor LMS, LearnDash, BuddyPress and bbPress into education themes, including course, certificate and WooCommerce course-payment flows.
- Cut website load times by **30%** through performance optimization and efficient, maintainable code practices.
- Developed the EnvyTheme.com product platform, including its license-verification system and scalable site architecture.
- Kept long-lived marketplace products current through regular release cycles, maintaining compatibility with new WordPress, PHP 8.x, WooCommerce and Elementor versions.
- Contributed to **250+ website projects** across education, IT/SaaS, corporate and eCommerce industries.

Trainer, Web Design & Development

2023 – Feb 2026

IT Training 4U

Bangladesh

- Delivered hands-on web design and development training (HTML, CSS, JavaScript, PHP, WordPress) built around real-world projects.
- Mentored students through practical assignments and helped them become job-ready developers.
